

ATTORNEY DOCKET NO. P109-US

REMARKS

Claims 148-187 are pending, no claims stand allowed.

The Examiner rejected claims 148-167 and 169-186 as being obvious over Doan (US 2004/0156089) in view of Pan (US 2003/0234994). The Examiner also indicated that claim 168 would be allowable if rewritten into independent format.

The Examiner's rejection of the independent claim 148 was made on a basis that the gaps set forth in claim 148 is analogues to the distance between the hinge and mirror plate in the plane of the mirror plate and hinge, as described in paragraph [0042] of the Pan reference. Upon review of claim 148, applicants see that the direction of the gap in the claim is not recited. In order to expedite the prosecution of the pending claims and to pass the application for allowance, applicants amend claim 148 to incorporate the subject matter of the allowable claim 168. In a continuation application filed herewith, the direction of the gap is made clear by adding a phrase "in a direction perpendicular to the substrate."

The application is considered in good and proper form for allowance, and the Examiner is respectfully requested to pass this application to issue. In the event any fees are required in connection with this paper, please charge our Deposit Account No. 501516.

Respectfully submitted,
